

We as an organisation seek to work in partnership with the school community to support parents who are the main influence for students.

Within the booking process we can discuss how best to tailor the presentation to suit the needs of your students.

*And Jesus grew
in body and wisdom
finding favour with
God and Man
Luke 2:52*

Background

The *NSW Board of Studies* believes that our children should be encouraged to appreciate and value all aspects of their development. Their education should enable them to identify changes in their bodies and emotions as they move through puberty. The Board advocates, too, that the teaching of reproductive health is a partnership between parents and school.

Towards Wholeness, the Catholic Education Commission's document on PDHPE teaches that sexuality is a God-given gift. Authentic human sexuality is the integration of all aspects of the human person: the physical, the intellectual, the social and the spiritual. Our sexuality is a fundamental component of our personality and everything we experience as male and female.

Cost

\$180 per session/per educator.
